

Novera

iPipeline's AI-First Platform
for Life, Annuities, and Wealth

Insurance innovation shouldn't be slowed by outdated systems. Novera unifies core insurance processes into one intelligent platform — helping carriers and distributors launch faster, operate smarter, and scale with confidence.

Shifting Market Forces Today

Market pressure for quicker decisions

Distribution consolidation and evolution

Demographic shifts and changing expectations driving need for diversified portfolio

AI moving from experimentation to adoption

How Novera Positions You for The Future

AI-powered product launches and streamlined selling experience

Open, configurable platform built for scale

A modern, unified, flexible experience across value streams

AI-first, data-driven infrastructure

The Value of Novera

Accelerate Growth

Enable faster distribution, product launches, and revenue expansion.

Intelligence at Scale

Embed AI and data to drive smarter decisions and automation.

Speed Without Complexity

Streamline workflows and eliminate friction across the lifecycle.

Personalized Experiences

Deliver tailored solutions for advisors and customers.

Unified Platform

Connect life, wealth, and annuities in one seamless ecosystem.

The Foundation for Modern Solutions

Novera powers next-generation solutions like iGO® Evolve, delivering a foundation built for performance, insight, and consistency at scale.

This isn't just modernization. It's momentum. Novera is built for a market where speed, adaptability, and intelligence are no longer optional.
